

CHALLENGER[®]
S C H O O L

February 27, 2020

Dear Challenger Managers,

Due to concerns over the coronavirus, we have had inquiries regarding the use of respirators or surgical masks on campus.

After assessing resources from local, state, and federal agencies, at this point, there is no recommendation to implement masks in our environment. And, since these items significantly impede the ability to perform the core functions of teaching and interacting, we will not incorporate their use for students or employees on campuses.

We will continue to monitor the situation and update you if conditions change.

Sincerely,

Hugh Gourgeon
CEO
