

# CHALLENGER<sup>®</sup>

S C H O O L

May 22, 2020

Dear Parents,

We are pleased to announce that we have been allowed to open our campuses for modified summer camps in Idaho and Utah. We look forward to opening Nevada campuses June 1 and Texas campuses soon after that. For those of you who are not able or choose not to join us on campus, we have applications ready for our summer online learning programs.

Beginning Monday, June 8, 2020, we will provide new daily videos and applications for kindergarten through eighth-grade students that will focus on math, grammar, writing, and reading skills. Teams will still be in place for teacher feedback and weekly student performance checkpoints. Additionally we are working toward extending the capabilities of Teams to offer a more interactive experience.

At this time, we will not be creating new online preschool materials for summer, but the academic year materials will still be available for your student to re-watch and learn throughout the summer months.

If you'd like to have your child participate in summer online learning, access the [application and policies here](#). Complete the application and [Release and Agreement](#). Email them to [summeronline@challengerschool.com](mailto:summeronline@challengerschool.com). There is no application fee for summer online learning.

We continue to look forward to the day when we can resume regular on-campus instruction, which provides the most effective learning environment and results. In the meantime, our online learning program will provide a positive means to keep students thinking and learning throughout the summer.

Sincerely,

Hugh Gourgeon  
CEO
